Halal Development
Corporation

HALAL DEVELOPMENT CORPORATION BERHAD

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ
السَّلَامُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

It is with great pleasure for Halal Development Corporation Berhad (HDC) to introduce the first Halal Directory of Malaysia. This is another milestone achieved towards the maturity of the halal industry.

HDC had over the years developed the halal infrastructure and encouraged halal business. This comprehensive directory will further provide total halal value chain and at the same time develop competitive halal companies.

A comprehensive compilation of information on the halal market players, this Halal Directory is the reference point for the on boarding of new players and for industry players looking for business expansion and opportunities.

This directory will also provide valuable information to international players who want to expand their footprint in Malaysia.

Halal market players from the conventional food & beverage industry to the emerging markets of pharmaceutical, cosmetic and personal care, logistic, hospitality services and medical devices are included in the Directory, addressing the entire supply chain from raw materials to processing and retail.

This directory will not only promote active participation from businesses or manufacturers, it is also for consumers to attain information on available Halal brands.

We see an important role of this directory in furthering the halal business to be competitive. These businesses will gain tremendously in an estimated global halal market by USD30 trillion in the year 2030.

Dato' Mahmud Abbas

Chairman

Halal Development Corporation Berhad

HALAL DEVELOPMENT CORPORATION BERHAD

In the name of Allah, The Most Gracious and The Most Merciful.

All praises to Allah SWT, The Creator and Sustainer of the Universe and salutations to our Prophet Muhammad SAW and His family and companions.

Halal Development Corporation Berhad (HDC) an agency under the Ministry of International Trade and Industry, spearheads the development of Malaysia's integrated and comprehensive Halal ecosystem to position Malaysia as the most competitive country leading the global Halal industry.

As the secretariat of the Malaysia Halal Industry Development Council, HDC is the custodian of Malaysia's Halal economy that promotes growth of Malaysia halal ecosystem community. Our role is to facilitate the onboarding of industry players onto the halal economy to increase Malaysia's halal exports and direct investment into halal industrial parks.

Given the huge potential that we have in the Halal industry beyond the local market, business owners and entrepreneurs have started to recognize the benefits present in the growing Halal industry.

Hence, by having the first Malaysia Halal Directory, an inaugural publication that is specially catered to one niche Halal market segment, HDC hopes it helps to guide not only the consumer but also industry players in getting to have more knowledge and clear understanding about Halal brand in Malaysia.

The publication also acts as a useful platform for companies to search for Halal suppliers and to help market Malaysia certified halal products internationally.

We hope readers find it beneficial, InsyaAllah.

Thank You.

Hairol Ariffein Sahari

ARMANI MEDIA SDN BHD

I would like to extend my heartfelt congratulations on the launch of Malaysia Halal Directory 2020/2021. As a Founder of Armani Media Sdn Bhd, this publication meant a lot not just to me but also to my company and my team.

We were given a chance to work with Halal Development Corporation Berhad and Marshall Cavendish (M) Sdn Bhd, and the smooth process we had along the way was indeed fruitful as we managed to publish the first edition of Malaysia Halal Directory without many hassles although the country has imposed Movement Control Order (MCO) for about three months due to the pandemic of Covid-19.

The Halal industry is a lucrative and growing business encompassing a global marketplace for products amounting to an estimated figure of over US\$2.3 trillion. As such, the impact carried by the industry cannot be underestimated as the Halal market creates a multitude of opportunities for various enterprises, especially those pertaining to developing markets.

Increasingly, business owners and entrepreneurs are recognizing the benefits present in the growing Halal industry.

With the publication of Malaysia Halal Directory 2020/2021, it is dubbed as a useful platform for companies to search for Halal suppliers and to help market Malaysia Halal-certified products to the global market.

We hope readers find this directory beneficial.

Thank you.

Dato' KK Chua

MARSHALL CAVENDISH (MALAYSIA) SDN BHD

Few would have imagined back in the 1970s when the Malaysian halal industry was in its infancy that it would one day attain global prominence. In fact, the country is now considered a leader and pioneer in the halal marketplace with a reputable certification system and expert knowledge that is frequently sought by halal industries in other countries.

For Malaysia, the halal industry has become a core engine of economic growth. In 2019, the industry registered an export value of RM40.2 billion. It was expected to reach RM50 billion in 2020, but the fallout from the COVID-19 pandemic has reduced the forecast figure to RM42 billion.

The global halal industry, however, has a US\$3 trillion (about RM12 trillion) market value, which means there is plenty of room for Malaysian halal companies to grow, especially when demand is on the rise not only from the Muslim population around the world but also from non-Muslim consumers.

With consistent progress being made within the industry and with vast potential still waiting to be tapped into, there is no better time than the present to launch our very first Malaysia Halal Directory 2020/2021.

As with our other niche industry directories, this latest publication features a comprehensive collection of halal-certified Malaysian companies and industry players in numerous segments such as F&B, cosmetics, pharmaceuticals, health products, logistics and more.

Instrumental in this endeavour is the Halal Development Corporation Berhad (HDC). As custodian of the Malaysian halal economy, the agency's assistance and participation has been invaluable. For this, my team and I offer our thanks and appreciation.

It is our hope that this directory will go a long way in facilitating connection, communication and growth within the halal ecosystem and play a part in propelling the industry to greater heights in the years to come.

Thank you.

Editorial

MALAYSIA'S HALAL INDUSTRY

The Halal industry of today is strong and robust with many new and expanding opportunities for economic growth. The consumers awareness on Halal products is increasing around the world. Many International organisations begin to embrace Halal values in line with those practiced by Muslims, where the core values of Halal are consistent with the enhancement of social wellbeing, protection of the environment and ethics of business conduct.

With a comprehensive Halal ecosystem, Malaysia sets the bar globally as the reference for best practices in the development of Halal standards and business processes through nurturing growth and participation of local business into the global Halal market.

Malaysia has developed the Halal Industry Master Plan 2030 (HIMP 2030) to catalyse its strengths towards the development of Halal industry holistically. The theme 'Prominent, Visible and Globalised Halal Malaysia' depicts Malaysia's goal to achieve socio economic development through leading the global Halal industry.

The importance of Halal industry encompasses the increasing domestic demands with Malaysia being a net importer of various products, including Halal products. On top of that, there is a huge global halal market potential with an estimation of 80 percent gap between demand and production of Halal products.

Halal industry also contributes to economic welfare by giving added value, promotes trade and investment as well as provides broader job opportunities and increases the safety of products. Malaysia is dubbed as the pioneer of the Halal industry with more than 40 years of experience in the development of the Halal industry.

According to the master plan, by 2030, the global Halal market is expected to grow to USD 5.0 trillion, while domestic growth is estimated to reach USD 113.2 billion. Among the core sectors that are expected to contribute to the growth encapsulate

food and beverages; cosmetic and personal care; pharmaceutical and others.

The HIMP 2030 focuses on strengthening and internationalising Halal ecosystem in Malaysia by re-evaluating and improving existing initiatives, as well as introducing high impact initiatives in line with the Government's direction.

The Halal ecosystem is a network of components involved in growth cycle and delivery of Halal products or services contributing to the overall socio-economic development. Each component in the ecosystem has its own unique activities that are interrelated with each other, creating a constant evolving relationship towards sustainability. With a comprehensive Halal ecosystem, Malaysia is endowed with a competitive advantage to fully capitalise this timely opportunity.

HALAL DEVELOPMENT CORPORATION

HDC steers Malaysia's halal industry that fosters socio-economic growth towards achieving global competitiveness. We central coordinate all matters pertaining halal development agenda through the Halal Industry Development Council, a special committee chaired by the

Prime Minister with an objective to increase halal exports and direct investments. Our unique value propositions are embedded in our halal business consultancy, talent development and business matching platform services specially designed for local and international players.

HIMP 2030 7 STRATEGIC THRUSTS

The Core of HIMP 2030

HIMP 2030 KEY ENABLERS

Key enablers are listed below and they were put in place to support smooth implementation of HIMP 2030.

1) Halal Traceability Services

Strong focus on encouraging Halal innovation through the technological advancement of Industrial Relation 4.0 (IR 4.0), Internet of Things (IoT), Blockchain, FinTech and Big Data to ensure Halal products go through an entirely verified supply chain.

2) Talent Development/Upskilling Services

Competent Halal professionals and Halal experts to support comprehensive and future developments of the Halal ecosystem through the alignment of the Halal occupational framework.

3) Standards, Accreditation and Certification Services

Robust standards, accreditation and certification services ensuring the integrity of the Halal supply chain, in addition to ensuring global trust in Malaysia's accreditation and compatibility with Halal emerging markets.

4) Islamic Finance

Accessibility to financial support for players in the Halal supply chain encouraging and supporting participation growth in the Halal industry through the innovation and promotion of a hybrid Islamic financing structure.

5) Logistic Services

Dedicated logistic services, from sourcing of raw materials to reaching the consumer (i.e farm to fork), to avoid cross-contamination thus ensuring the safety and quality of Halal certified products.

Achievements to Date

as of December 2018

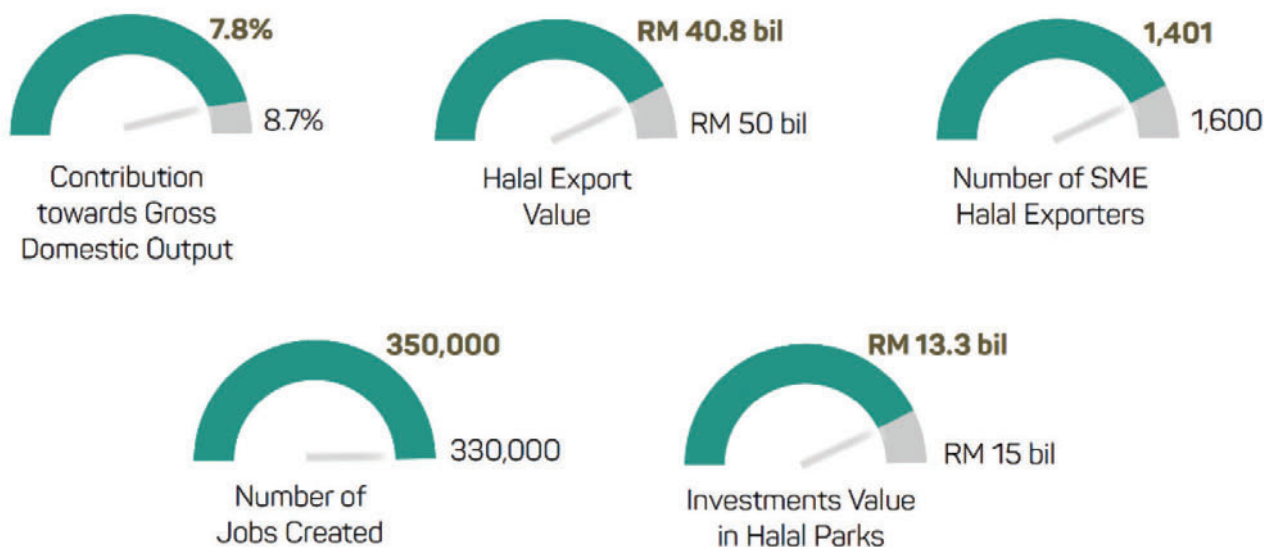

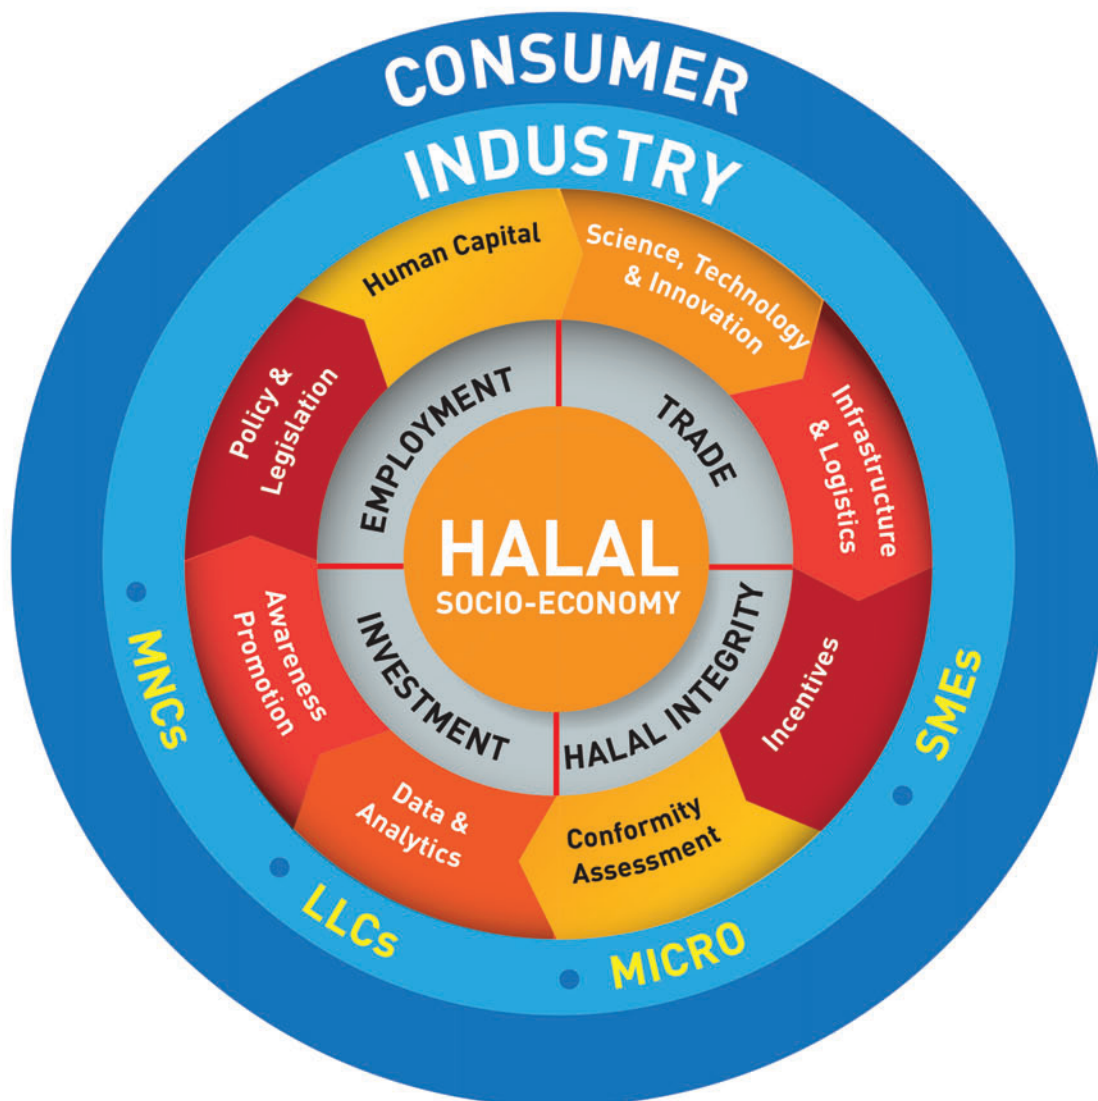

Figure 4: Achievements to Date as of December 2018

HALAL SOCIO - ECONOMY

The Halal Ecosystem is a network of components involved in growth cycle and delivery of Halal products or services contributing to the overall socio-economic development. Each component in the ecosystem has its own unique activities that are interrelated with each other, creating a constant evolving relationship towards sustainability.

Malaysia's Halal Ecosystem

Malaysia has been able to achieve its current global position in the Halal industry as well as its current industry size through substantial efforts in developing its Halal ecosystem.

The government has been successful in developing a robust and comprehensive ecosystem encompassing policy and legislation, human capital, science, technology and innovation, awareness promotion, incentives, infrastructure and logistics, data and analytics, as well as conformity assessment that helps to provide conducive environment for industry growth and contribute to employment, trade, increased in investment and compliance towards Halal integrity.

ABOUT

ASIA HALAL BRAND AWARDS 2020

The award that recognize halal brands in Asia, Asia Halal Brand Awards (AHBA) 2020 is making its way for the fourth edition this year. As of current, AHBA 2020 is accepting nominations from various brands and companies, not only from Malaysia but around Asia too.

The nominations can be submitted via AHBA's official website at <http://www.ahba.asia/register/> and the glorious event is expected to take place at Shangri-La Hotel in the second half this year.

AHBA is fully supported and endorsed by Jabatan Kemajuan Islam Malaysia (JAKIM) and the Halal Development Corporation (HDC). It also has appointed Haji Mohd Fathil Yusof as its Organising Chairman.

The award event is organized by Entrepreneur Insight, a brand from Armani Media Group that focuses on start-ups and Small Medium Enterprises (SMEs). It also serves as a gateway to business guides and updates via its web portal, social media platforms and events.

Its online publication provides comprehensive coverage on local entrepreneur's movements, business trends, events, marketing, finance and lifestyle highlights.

Entrepreneur Insight's website also features personalities and issues that focus on the exciting world of entrepreneurs today.

To reminisce the success of previous instalments of AHBA, why not we take a trip down memory lane on how the event came about.

Back in the year 2017, AHBA 2017 was created with a mission to recognise the impact and value-added benefits that high quality products with the Halal endorsement can bring to businesses globally and locally.

Asia Halal Brand Awards (2019)

Asia Halal Brand Awards (2017)

ABOUT

ASIA HALAL BRAND AWARDS 2020

It was concurrent with value creation for both the recipients of the award, the Halal operator and manufacturer.

Aside, the objective of AHBA is to recognise and promote prominent halal brands in Asia as well as becoming the leading regional award to encapsulate a larger outlook for the brands.

According to the Founder of Armani Media Group, Dato' KK Chua, the value for halal industry is more than US\$3 trillion and the best way for companies to differentiate themselves from other players is through branding.

Following the success of the inaugural AHBA 2017 event, Entrepreneur Insight had taken the opportunities to shine even brighter with the instalment of the second and third edition of AHBA, namely AHBA 2018 and AHBA 2019.

In every instalment, AHBA provides four main segments including Promising Brands; Established Brands; Regional Brands and Heritage Brands, to which every category has its own requirements that must be fulfilled by the participants.

Indeed, the establishment of AHBA can be considered as to elaborate on the importance and significance of Halal brands in a global market.

With the support from JAKIM and HDC, consumers and buyers can be assured that the products which receives the awards bear the highest quality ingredients and standards of excellence.

This will create value added propositions to the businesses and validate the constant drive towards greater innovation and quality offerings.

ENDORSED BY

Jabatan Kemajuan Agama Islam Malaysia (JAKIM)

Halal Industry Development Corporation (HDC)

ST ROSYAM
MART SDN. BHD.

THE FRESH FOOD YOUR BEST CHOICES

We offering a wide variety of food, beverages and household products, organized into sections.

Welsh Lamb Comes Out On Top,
Best Neck On The Shopping Block

**YOUR TRUSTED HALAL
GROCERIES STORE**

HALAL PRODUCT IS OUR PRIORITY

MEAT | SEAFOOD | POULTRY | GROCERIES | HERBS & SPICE | FRUITS & VEGETABLES

Datuk Rosyam Nor
Director

ST Rosyam Mart Sdn Bhd is a 24 hour wholesale and retail business located in Setiawangsa selling halal fresh and frozen food, groceries and household necessities.

Our products and services bring convenience to everyone from households, caterers, hotels, cafes, canteen operators and Western & Asian restaurants. We aim to be the leading wholesale and retail company by providing the best value, wide assortment of halal goods and continuous excellence. Our business priority is to bring Halal products and conveniences that save time and adds value to benefit our customers. Through our corporate philosophy of "Fresh & Frozen Food 24/7/365",

ST Rosyam Mart Sdn Bhd has sparked the wholesale and retail business with more and more customers purchasing in this type of market. With a workforce of 400 well trained employees to support the business, we operate 24 hours a day, 7 days a week, 365 days a year.
